Описание объекта:

Surrounded by green fields and hills, this wonderful piece of Mallorcan land is situated in a peaceful area in the heart of the island.

The nearby villages of Sineu (5 kms) and Sant Joan (7 kms) offer ample shopping, and have diverse restaurant possibilities where Mallorcan specialities can be enjoyed.

The flat, rectangular plot has superb sweeping views over the beautiful surrounding area, and its easy access makes it ideal to construct a detached house with up to 450 sqm designed to the personal taste of the owner.

There is already a small, 60 sqm casita (cottage) on the land which, although it is a ruin, creates an idyllic ambience.

A water supply exists, and power would best be supplied by means of solar panels.
